DCPS Families,

We are excited to invite you to share your feedback in the 2023 DC Public Schools Panorama Family Survey! The survey helps DCPS understand how families feel about their children's school experience and learn how we can better communicate with families and support students.

Take the survey by March 31!

To ensure we hear from every family, the survey is available in English, Spanish, Amharic, and Chinese. If you have children in more than one DCPS school, please take the survey once for each school.

Thank you!
